

DIVIDEND POLICY

1. Dividend of Business year 2014.

The "Dividend Policy for the Business year 2014 of Sociedad Química y Minera de Chile S.A. (SQM)" establishes that SQM must, in principle, distribute and pay to its Shareholders, as a dividend, the amount in Chilean pesos equivalent to 50% of the distributable net income obtained during the 2014 business year. This 50% of the total net income amounting to US\$296.381.378 is equivalent to the amount of US\$148.190.689 which, therefore, must be distributed as the final dividend for the aforementioned year.

SQM, for this reason and subject to the resolution of the Shareholders in the upcoming Ordinary General Shareholder Meeting, that will be held on April 24, of this year, shall pay a final dividend of US\$ US\$0.56304 per share based on the distributable net income obtained during the 2014 business year. However, the amount of US\$0.41493 must be discounted from said dividend which SQM already paid as an interim dividend on December 12, 2014. The balance, therefore, amounting to US\$0.14811 per share, shall be paid and distributed to SQM Shareholders who are registered in the respective Registry during the fifth business day prior to the day of the dividend payment. The equivalent of the above amount shall be paid, in a single act, in Chilean pesos according to the value of the "Observed Dollar" or "USA Dollar" as published in the Official Gazette on April 24 of the year 2015 and as of 9:00 am on Friday, May 8 of this year.

Likewise, and if applicable, the undistributed amount of US\$148.190.689 –that is, the remaining 50% of the net income obtained during the 2014 business year shall be retained and subsequently assigned or allocated by SQM to the payment of additional or eventual dividends in future years or to financing its own operations or one or more of its investment projects and, notwithstanding all of the above, the possible future capitalization of all or part of the latter.

2. Dividend for Business Year 2015.

3. Distribute and pay the remainder of the final dividend of the net income from the exercise of the business year 2015 in up to two payments which must necessarily be paid and distributed prior to June 30, of the year 2016.
4. The amount equivalent to the remaining 50% of the net income obtained from the 2015 business year shall be retained and subsequently assigned or allocated for financing its own operations or one or more of SQM's Investment Projects and, notwithstanding all of the above, the possible future capitalization of all or part of the latter.
5. The Board of Directors does not consider the payment of additional dividends.
6. The Board of Directors does not consider the payment of eventual dividends.
7. The Board of Directors deems it necessary to indicate that the Dividend Policy described above corresponds to its intentions or expectations in relation to that subject. Consequently, the fulfillment of said Dividend Policy is necessarily conditioned to the net income which it ultimately obtains, to the results indicated by the periodic projections of SQM, or to the existence of certain conditions that may affect them. SQM, notwithstanding the above, and to the extent that said Dividend Policy undergoes any substantial change, will inform its Shareholders about said situation, in a timely manner, as an Essential Fact.
